Student After-School Cell Phone Request Form

To help enforce this important policy, parents are required to ensure their child's cell phone is in a parent's possession during school hours. Should a student have a special circumstance that in the sole discretion of CHC *requires* a cell phone *after* school, parents may complete a Student After-School Cell Phone Request Form.

Student Name: _____ Grade: _____

Date Requested: _____

This form is due to the front desk the day before the date of request.

- Parent and student understand this form should only be filled out in *rare* instances when there is no other way for student to communicate.
- Students are to immediately drop their powered-off cell phone to the reception area front desk upon entering the building.
- Students understand that the use of the cell phone during school hours will result in the phone being taken away for 48 hours and a parent conference with the US Director to discuss the infraction.
- My student is responsible for picking up their cell phone from the front desk at the end of the day and is not allowed to turn on their cell phone until they are in the car/off campus.
