

Grade 2 | Christmas Speaking Auditions

SPEAKING AUDITIONS

- Students should be prepared to audition using any of the lines provided below, not a specific line they selected.
- Roles and lines will be assigned after auditions; students may be assigned a role different from the one they auditioned for.
- Not all students who audition will receive a speaking role due to the limited number of parts available.
- Auditioning is still encouraged as a valuable opportunity to build confidence and performance skills.

AUDITION RESULTS

- Speaking roles and line assignments will be communicated after auditions.
- Audition results are expected to be available by mid-November.
